PROBATION AUTOMATION COORDINATING COMMITTEE (PACC)

Update

RONA NEWTON

COMMISSION ON TECHNOLOGY

September 24, 2010

Accomplishments Since May

- Participated in "Summit at the Summit" June 17
- Agreed to share membership with CACC
- Agreed CACC should monitor probation automation projects
- Returned to COP to request more membership
- Crafted a repeatable cycle for obtaining and feeding back technical issues

Repeatable Process for Obtaining Input

1. PACC meetings will be scheduled for the week before COP meetings.

2. Two weeks prior to a PACC meeting, an email will go out to all Chief Probation Officers soliciting input regarding Probation Automation Issues.

3. Issues will be addressed at the PACC meeting and determination about status, solution, and/or escalation to CACC or COT will be made.

4. Report back to COP regarding issues addressed.

Wrap-up / Questions

- PACC will continue to deal with probation automation in a way that increases coordination and fosters collaboration

- Any Questions from COT members?
